

1 **50843/WWM/E327**

ABSTRACT OF THE DISCLOSURE

5 A method for rating a cruise and a method for rating a
cruise price. The method for rating a cruise involves
obtaining pricing data, identifying correlations between the
pricing data and one or more price affecting factors, and
calculating a cruise rating. The method for rating a cruise
price involves obtaining historic pricing data, calculating
10 expected price of a cruise, and comparing the expected price
of the cruise to the price of the cruise.
